Warren Coleman

ACHS Graduate On JMU Team

Warren Coleman of Appomattox is a member of the 1977 James Madison University football team.

Coleman, a 6'1", 220 pound offensive tackle, is a junior at JMU. He is a graduate of Appomattox County High School where he earned All District honors in football and has lettered two years in football at this college.

Coleman is the starting quick tackle for the Dukes this season. His position means just what it says, he must be the quickest of the two and may more so than strong tackle Phil Culkin, get away with a slightly lighter build. The allowances, however end there.

When he first arrived at Madison College, Coleman weighed 195 pounds and bench-pressed just over 200 pounds - hardly the size or strength demanded by offensive line coach Harry Van Arsdale.

"Warren just came to me one day and said, 'Coach what can I do to make me a better ballplayer," Van Arsdale once recalled. "So we just got him going on our off-season program and the rest he did on his own."

Within three years, Coleman increased his weight to 230 and his bench-press to over 300 while shaving two-tenths of a second off his time in the forty-yard dash.

"Coleman has a better mental approach now because of his size, quickness and strength," Van Arsdale noted. The tackle agrees with the coach's assessment.

"With more weight you have that much more of an advantage," he said. "When your strength and weight compare with the opponent it comes down to who wants it most.

Van Arsdale's off-season program consists of lifting weights and running three to four days each week but Coleman has added extra work time in his effort to become a "better ballplayer."

Coleman is the son of Mr. and Mrs. Kyle Coleman of Route 2, Appomattox.

RAIDERETTES WINNING IN VOLLEYBALL

The ACHS Raiderettes Volleyball team continued its winning streak last Tuesday, September 27, when they defeated William Campbell in an away game 15-10, 15-4.

Vanessa Smith and Connie Murray each had 8 serving points.

In a game Thursday, October 29, at Altavista, the Raiderettes racked up another win over Altavista 15-4, 15-10. The top server was Bernita Moore with ten serving points followed by Connie Murray with six serving points.

There was a lot of "spiking going on in the game. Roxie Martin attempted 11 spikes, was successful on all 11 and scored on 5 of them. Marie Fraley attempted 10 spikes, was successful on 9, none scored. Marlene Moore attempted 2 spikes, was successful on both, and bo,h scored. Good team work and good hustle was shown in the game.

The Raiderettes played Gretna at the ACHS gym on Tuesday of this week. Too late to report scores of this match. They will be playing Brookville at the home gym on Thursday, today, at 6 p.m.

Come out and support this fine team.

Raiders Down Colonels 25-6

The A.C.H.S. Raiders came to life offensively Friday night, put eighteen points on the board in the first half and went on to defeat Altavista 25 - 6 in Seminole District Contest. Quarterback Joe Fraley passed six yards to Cliff Johnson for the first Raider score in the first period. Another Fraley to Johnson pass for the PAT made the score 8 - 0. A field goal by Freddie Mitchell and a fumble recovery and return by Ronnie Abernathy in the second quarter made it 17 to 0 and Freddie Mitchell kicked the PAT to give the Raiders their 18 - 0 halftime lead. After a scoreless third period, Terry Woods found an opening and scampered 40 yards for paydirt and Mitchell again kicked the PAT. The Colonels scored their lone touchdown in the fourth period when Coach Stuart Justus substituted freely.

GOOD NEWS FOR HOMEMAKERS

By Shirley W. Walton

SPRUCE UP HAND-ME-DOWNS

Most children's clothing is outgrown before it shows much sign of fatigue. The exception may be clothing worn for rough and tumble play. Thus, many items are in good enough condition to become hand-me-downs for a younger child. The practice is even more attractive with ever-increasing clothing costs.

Add a fresh look for the new owner with trims, appliques, fancy stitching or buttons. Scrap fabric and trims from other projects can help shape a new look, too. Or, check through the notions and fabric departments in stores.

Washability is always important, especially for children's clothing. When redoing a garment, be sure fabric and any accessories are compatible with the original material, that is washable and colorfast. Wash anything that might shrink before applying to a hand-me-down. Some trims and appliques can be either sewn or fused on.

Here are some ideas to get creativity going. Personalize a T-shirt or dress by embroidering a child's name on it. Add a decorative pocket. Sew buttons along a side seam of a skirt, dress or pants or on the shoulder seam of a shirt or blouse. Appliques here, there and everywhere are fun and a way "in" part of the fashion scene. They are especially popular for covering worn spots in jeans -- which when outgrown by one child, can still have more wear for another youngster. Ribbons, fringes, braids and rick-rack offer many possibilities and fit in with today's popular peasant looks.

It is also possible to restyle a garment. Accomplished seamstresses can cut a new item from a discarded adult garment or make alterations for better fit in a child's garment. Even the novice can refashion a child's dress into a tunic or smock top, or make a skirt from jeans by adding a different fabric for the center panel. Or, try fashioning a jumper out of a dress by removing sleeves and collar.

Bear in mind that proper laundering methods help keep garments in good condition so that they can be successfully passed on to another youngster. Wash clothes before they become heavily soiled. Pretreat stains and spots before laundering. Repair split seams and tears promptly.

RECIPE OF THE WEEK
Lena's Pear Honey

2gal. pears, peeled and crushed (these can be crushed in a food chopper, or blender)
3 large oranges (wash thoroughly, juice and seed and then chop rind in food chopper or blender)
3cans crushed pineapple (15¼ oz. cans)

Mix all fruits well. Measure 1 cup fruit mixture to 1 cup sugar. Cook over low to medium heat, stirring frequently. This must be done to keep pear honey from scorching.

Cook until syrup is the color and consistency of light honey. Seal in sterilized jars. You may add paraffin if you wish. This pear honey will keep for 2 years.

NOTE This recipe is a favorite of Mrs. Lena Eversole's. If you have ever eaten any of her pear honey, your mouth will water as you use this recipe. This pear honey is delicious on hot buttered biscuits or toast for breakfast. It is equally as good drizzled over a scoop of vanilla ice cream as a dessert.

Because of many requests for Mrs. Eversole's recipe we are running this in the paper. Be sure to clip this and save this for your pears this year and next.
